PSTAT 100 – Data Science: Concepts and Analysis

Summer Session A, 2025

Mid-Quarter Project Group Submissions

As has been stated a few times before, the **Mid-Quarter Project** this quarter **must be submitted in groups**. To ensure you have ample time to work on a project as a group, I am asking that you finalize your group members by no later than **11:59 pm on Tuesday July 1, 2025**.

WHAT TO SUBMIT FOR THIS ASSIGNMENT

1. In a separate document, write down all of your group member's names (first and last) and UCSB emails
2. Upload this document to Gradescope, and when submitting on Gradescope include your group member's names on the Gradescope submission portal as well.
   a. Only one person per group needs to submit to Gradescope, but they must include all of your members in your submission as well.
   b. For information on how to include group members in your Gradescope submission, please refer to this link: https://guides.gradescope.com/hc/en-us/articles/21863861823373-Adding-Group-Members-to-a-Submission

You are required to upload this document by no later than 11:59 pm on Tuesday, July 1, 2025. Please do not forget to include your group members in the Gradescope submission.

INFORMATION ON GROUP FORMATION

- Please ensure there are between 3 and 5 members (inclusive) in your group
- If you are having trouble forming a group, or need more members in your group, please consult the relevant Group Formation post on EdStem
- We will **not** be allowing individuals (i.e. Groups of 1) to submit the Mid-Quarter project; you are required to work collaboratively with at least two other students. (This is to reflect the inherently collaborative nature of Data Science!)
